9th Annual Production Sale

FEB. 7, 2021 • 2 P.M.

AT THE RANCH • 5 MILES WEST AND 1 MILE NORTH OF HURDSFIELD, ND

WELCOME!

Kline family, standing, L to R: Matt, Eddy, Terri holding Kezley, Monty holding Karamie, Kyle and Brianna; seated, L to R Grandpa Lyle, Grandma Melodie, Landri, Emersyn, Tenley, and Tatum.

Welcome!

As I write this, 2021 is just beginning. The year 2020 will be one we won't forget and will be talked about for years to come. It is good to have it in the review mirror and begin to move forward. This year looks to have more optimism in agriculture than the last few years. Grain prices are rising and cattle prices are better than expected with some great fall and winter female sales already completed. Steer prices have held their own through the fall and early winter despite all the shutdowns and negativity thrown at the industry in 2020. As we look into 2021, we have a lot to be thankful for and many hardships behind us.

The Kline family is doing well. Eddy (8) is in 2nd grade. He enjoys his legos and is quite the fabricator. He also is becoming a trusty helper

on the ranch and is always ready to help. His fall highlights were shooting his first morning doves and ducks and running the video camera for dad when we bow hunted together. He also enjoyed fishing in the summer and a few trips on the ice this winter with his siblings and Dad. Emersyn (6) is in kindergarten. He stays busy with his farm toys, mimicking every seasonal job on the ranch. He is also becoming quite a good helper on the ranch and is always ready to work. The rest of his time is spent wrestling, running, playing and charming everyone with his witty personality and smile. His patience for fishing is improving, but still has some catching up to do. The fish better bite if Emersyn is with. Landri (4) is Daddy's little cowgirl diva; she isn't afraid of anything (sometimes it's scary). She enjoys the horses, our dog Sunny, and giving the cows and bulls unicorn names. She seems to have a soft heart for animals for her age. She has a tomboy side and a princess side. She loves her wardrobe, which is full of dresses, western shirts, boots, and sparkly stuff. There's never a dull moment.

Grandpa Monty and Grandma Terri added another grandchild to the bunch when Kyle and Brianna welcomed Kezley Beck to the family in February for a total of 7 grandchildren. Dad had a bit of a scare late summer when he was diagnosed with bladder cancer. Fortunately it was a mild low grade cancer that surgery and a 6 week treatment period removed completely. He is doing great and feels great as well. We were blessed to have Farm Rescue come and help finish up haying season while dad was going through his surgery. They supplied a tractor, baler, bale mover and an outstanding volunteer equipment operator. Farm Rescue helped by baling over 400 bales and rowing up about 1000. We are extremely grateful for all the help and having the weight lifted from being one man-down. A special thank you to David Frueh and Dan Erdman, both great men and friends. Also, thank you to the Farm Rescue group for what you do for farmers and ranchers all over North Dakota and surrounding states.

As for the Cattle offering this year, we are very excited to offer the most powerful set of bulls we have had the privilege to sell. They are long, thick, and stout, all the way through the pen. The black baldy sire groups are going to attract some attention for sure with herd bulls sired by Tear Drop and Main Attraction. We will offer as good of a pen of red bulls as we ever have headlined by our new herd sire WLB Bloodrunner 461F, a very powerful group of IPU Royal Flush 4C Calves and two standout MRL Red Whiskey sons. Our female offering is very strong this year as well, featuring some special registered bred and open heifers as well as an Elite group of commercial bred heifers that all originate from Reimche Land and Cattle of Martin ND.

On behalf of the Kline family, I would like to extend a huge thank you to all of our past customers and friends and family that help out throughout the year, especially on sale day. We couldn't do it without you.

Thank you and see you on sale day!!

- The Kline Family

Visitors welcome anytime!

9th Annual Production Sale FEB. 7, 2021

AT THE RANCH • HURDSFIELD, ND

Selling: 50 Simmental and SimAngus™ Bulls
7 Coming 2-Year-Old Bulls
20 Registered Bred Heifers
30 Registered Open Heifers
39 Commercial Bred Heifers

KLSR PHONE NUMBERS

Matt Kline.....(701) 693-6317
Monty Kline.....(701) 693-6806

AUCTIONEER: Mike Ostrem, Rugby ND(701) 208-0164

RINGMEN

Perry Thomas, American Simmental Assoc.....(701) 370-8336
Zac Hall, Forte Livestock.....(701) 595-6887

SECOND OPINION

Ian Hall 701-720-4966

Ian Hall has clipped our cattle and has seen them a few times prior to the sale. We really appreciate Ian's eye for cattle and his ability to give an honest assessment of them. For a second opinion of the offering please call Ian.

LIVESTOCK INSURANCE

Insurance will be available on sale day.

We will do our best between the sale and delivery of the bulls to keep them healthy and safe. However we strongly suggest insuring your purchases in case of accidental injury or death.

SALE TERMS AND CONDITIONS

Cattle will sell under the terms of the American Simmental Association. Please ask and terms will be provided. KLSR or anyone involved assume no legal risk or liability on sale day.

BULL HEALTH & NUTRITION

Birth • Received Alpha CD, Inforce 3, Vitamin ADE

Turn out • Received Vista once SQ, Vision 7/somnus, injected with dectomax

September • Received Vista once SQ, vision 7/somnus, injected with dectomax

January • Received Virashield 6, pored with clean up 2

Bulls have been developed on a high roughage ration targeted for muscle growth, fertility and soundness. Ingredients include - Alfalfa, grass hay, silage, rolled corn, and a Blueprint seedstock protein and mineral supplement.

OPEN HEIFERS HEALTH

Same as bull calves at birth and September

January • Bangs vaccinates, first round of express FP 5 VL5 & poured with clean up II

BRED HEIFERS HEALTH

3 rounds modified live vaccines as calves

Bangs vaccinated, Express 5 fp VL5 prior to breeding

December 2020 • Virashield 6VL5 HB, vision 7/Somnus, Injected with Dectomax, poured with clean up 2, & both guardian scour vaccinations

CARE AFTER THE SALE AND DELIVERY

All bulls will remain at KLSR after the sale to ensure their growth and development. We will start delivering in April after a breeding soundness exam and fertility test has been completed. We will deliver for free to ND, MN, MT, and SD. We will work with individuals of further distance to get your animals where they need to go. Heifers will need to be taken home or delivered ASAP after the sale. Please visit with us to make arrangements.

SIGHT UNSEEN BIDDING: This year we will again have DV auction at the sale. We will also have sale staff available to bid over the phone like in years past. Please contact us or stop in to view the cattle prior to the sale.

This guy was born to stand out and that he does. He is mothered by 807U who has been producing herd bulls here for a long time. If this guy was solid colored he would stand with top end of the bull pen for sure. Big bodied, heavy muscled, brute. If a little color doesn't bother you take a look. Big time power bull.

"Encore" is a bull we are very excited to offer for sale. He is sired by the now deceased TJ Tear drop, and mothered by a never miss Tuition daughter, and 38W as his grandma doesn't hurt either. His dam has a 101 BW, WW, and YW ratio, She has a 364 day calving interval and typically calves between 277-283 days gestation. He has been the attention getter in the pen all winter and has a look at me herd bull presence. We feel he has the calving ease and gestation bred in for virgin heifers and the power for mature cows. Looks the part on paper and in the flesh. A bull we are excited to use AI this spring. Retaining 1/2 semen interest.

Blueprint **HUBBARD**
an **Artech** company

"The job of a Seedstock supplier is to provide genetics with reliability, accuracy, and integrity. **Every step has been taken to ensure the cattle selling today have achieved their genetic potential while maintaining soundness, longevity, and fertility.** Part of Kline Simmental Ranch's commitment to your success is not cutting corners or compromising nutrition. Kline's were early adopters of the Blueprint Nutrition platform from Hubbard Feeds and Crystalyx, targeted nutrition to ensure fertility, performance, and health. Kline's not only use Blueprint in their program, but as a local Hubbard Feeds & Crystalyx dealer they can provide you with "Products and Answers That Work" for your program."

This guy is right up there as one of the best red bulls we have raised. He has been a stud since birth, all summer next to his beautiful Black Blaze mom, and he will easy to find on sale day. He will lead off an exciting group of bulls from our new red herd bull WLB Blood Runner. The only thing I can fault is being Heterozygous Polled. His mom raised our high selling bull last year going to David Martin, Leonard ND. E153 has a whopping 118 WWR and is one of our best.

Chore buddies, L to R, Eddy, Landri and Emersyn

I wish I would have used tear drop more at AI time last spring. When you see H20 and H40 you'll know why. Long bodied, thick, heavy muscled calf backed by a big producing cow family. His dam, U38 has an impressive track record. A high selling cowboy up son in 2019 to Todd Timm, Kensal ND, a SAV Harvester daughter through the ND state sale in 2017 to Fleck Angus, Solen ND, a full sister to her working in our herd, and a bred heifer that sells in this sale as G958. This is a stacked pedigree and a bull I feel could have big impact for his new owner. U38 has a 105 WWR & 105 YWR on her calves.

Another standout Blood Runner with a strong maternal pedigree. E836 is one of my favorite young cows. Her first calf was retained and is a standout bred heifer that we excited to calve to TJ Gold. Z46 is a cow that always gets a second look when visitors see her. Her calf sells as H146 in the sale, and U1 is the great granddam. Elite maternal genetics fill up his pedigree.

This guy will be easy to find sale day. Massive bodied Riddler. Deep, thick, and heavy muscled. Very Structurally sound for a bull with as much punch as he has. We bought his dam at the ND state sale from Kenners and she has done a great job for us. She is a tank and is always in above average condition with no babying. One of the best Riddler sons you will find south of the border.

This is a young calf that is going to grow up into a heck of a bull stacked with great maternal genetics. He posted a 110WWR and his mom has a 103 WWR on her calves. Z30 is a favorite around here and for good reason. Her son KLSR Profile E745 that sold in our 2018 sale as the High selling bull to Steichen Farms, A full sister to profile In 2019 that was our #1 weaning heifer calf. A \$7000 dollar bull in our 2016 to Jimmy Nuemiller. We retained her first calf KLSR Black Roller B36 and utilized him AI and clean up in our commercial bred heifer program. And she will have a daughter that sells in our commercial bred heifer group in the sale this year. Shes an issue free cow, great mom, and very productive.

D914 raised a \$5,000 bull in last year's sale to Kody Faul, McClusky, ND

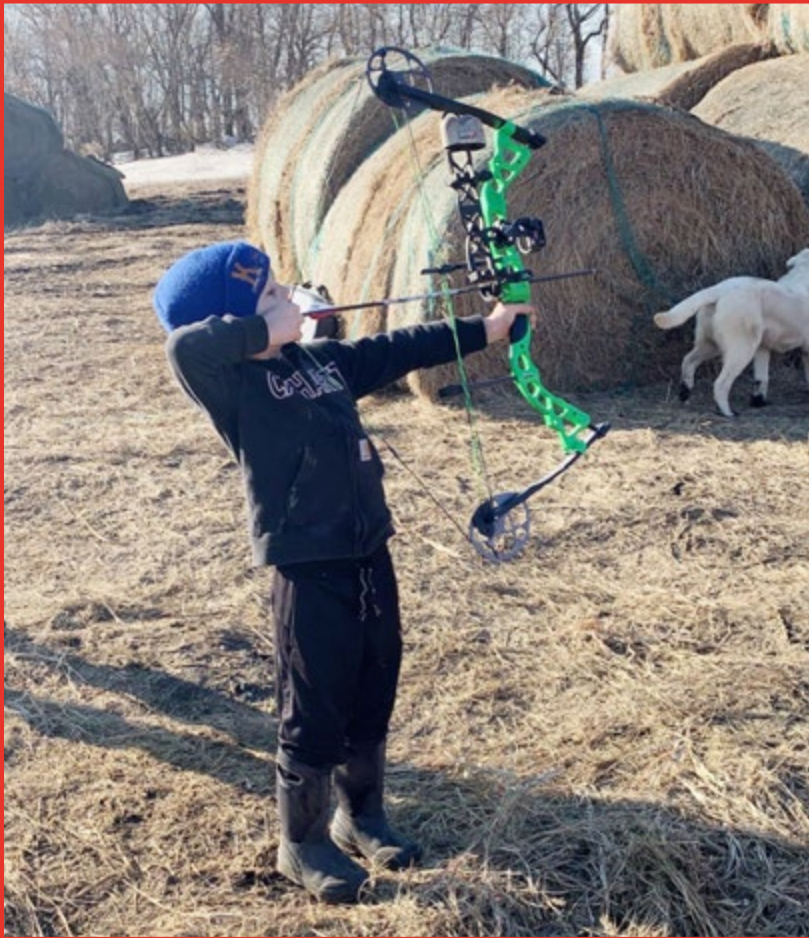

Commercial Bred Heifers

Also Selling 39 SIMANGUS™ COMMERCIAL BRED HEIFERS

This years commercial bred heifer offering will consist of approximately 39 head all from one Ranch. They were purchased from long time customers and good friends Reimche land and cattle. The Reimche Family manages a very high performance oriented cow herd with a herd- bull battery from the top end of the bull sales the buy from. Genetics stem from our program as well as Kenner Simmentals, Bruner angus, and AI sires utilized in their first calf heifers. This is a top notch group of females that will turn into cows that will raise big growthy steers and heifer calves that will make cows.
